CAPT Todd Alspach, NA, Centers for Medicaid and Medicare Services;

CAPT Bobby Rasulnia, Program Manager, Centers for Disease Control and Prevention; **LCDR Ben Humrighouse**, Health Scientist, Centers for Disease Control and Prevention

Health Service Officers have been involved in novel and sustained deployments for over two years. While the COVID-19 Response initially appears oriented toward the clinical disciplines, the entire Corps has been involved. This session will highlight how Health Services Officers have served and what they have accomplished during this response.

At the end of this session participants will be able to:

1. Educate at least 50 officers on what Health Services Officers have done to respond to at least 3 different programs/responses
2. Create career awareness and professional opportunities for officers (at least 10 officers)
3. Learn to promote HSOs in the deployment arena

2022 USPHS Scientific and Training Symposium

Category Day

Wednesday, May 25, 2022

10:15 AM - **Senior Officer Consortium Leadership Presentation**

11:00 AM **CAPT Diedre Presley**, *Chief Professional Officer, Immigrations and Customs Enforcement*

The CPO and additional speakers from the Senior Officer Consortium will provide an overview of goals and objectives of this group, as well as its mission to provide resources and guide Health Services Officers.

At the end of this session participants will be able to:

1. Update on the Senior Officer Consortium that will result in 25 new members during the next voting cycle.
2. Create awareness for at least 20 officers for the five pillars of senior officer activities to focus on HSO initiatives, networking, career progression and technology enhancements.
3. Further leadership opportunities throughout the Corps

11:00 AM - **Break in Exhibit Hall**

1:00 PM

1:00 PM - **Lunch and Awards Ceremony**

2:30 PM

Awards will be presented to officers nominated by their peers.

2:30 PM - **Wellness Break**

3:00 PM **LT Janelle Phillip**, *NA, Immigrations and Customs Enforcement*

Officers will be encouraged to stand up from their seats and move around to increase blood flow, reduce blood sugar, and build energy for the afternoon's events.

At the end of this session participants will be able to:

1. Increase motivation and awareness of simple exercises to promote health and stress reduction.
2. Increase knowledge of how to use physical activity to focus
3. Explain other health initiatives within the Corps

2022 USPHS Scientific and Training Symposium
Category Day
Wednesday, May 25, 2022
