2022 USPHS Scientific and Training Symposium
May 23 - 26, 2022
Renaissance Phoenix Glendale Hotel, 9495 W. Coyotes Blvd., Glendale, Arizona 85305 USA

Activity Coordinator:
 Tim O'Neill (tim@leading-edge.us)

Description

The 2022 USPHS Scientific and Training Symposium provides continuing education workshops and presentations for more than 1,000 officers of the U.S. Public Health Service and other public health workers on a range of relevant topics. This will be the 55th annual conference and is the only one of its kind. The theme for this year's conference is "Public Health: Preparing for the Future." This theme is meant to convey three key elements: We are forward looking, learning from the past, and incorporating the lessons we have learned to improve the health of the people we serve. We acknowledge that the extraordinary value of the Commissioned Corps of the US Public Health Service is not adequately appreciated and recognized by either key decision-makers or the public and going forward, we are committed to changing that. We respect and are grateful for the service of active-duty USPHS commissioned officers who have given so much, not just during the pandemic but throughout the history of the Corps, and we know that meeting the needs of those officers and their families is the best way to ensure the future of the Corps and its contributions to public health.

This activity may reference off-label use of FDA-approved products.

Learning Objectives

- Identify three strategies for incorporating into day-to-day work, opportunities to prepare for future public health challenges.
- Develop three skills that will help more effectively address public health challenges that may come up with their population.
- Identify three methods to enhance partnerships in public health.

Target Audience

This activity is intended for physicians, pharmacists, pharmacy technicians, nurses, and US Public Health Service.

Continuing Education Accreditation

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by FDA Center for Drug Evaluation and Research and The PHS Commissioned Officers Foundation for the Advancement of Public Health. FDA Center for Drug Evaluation and Research is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

IPCE CREDIT™

This activity was planned by and for the healthcare team, and learners will receive 25 Interprofessional Continuing Education (IPCE) credit(s) for learning and change.

CME

FDA Center for Drug Evaluation and Research designates this live activity for a maximum of 25.00 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CPE

This knowledge-based activity has been assigned ACPE Universal Activity Number JA0002895-9999-22-053-L04-P, and ACPE Universal Activity Number JA0002895-9999-22-053-L04-T for 22.25 contact hour(s).

CNE

FDA Center for Drug Evaluation and Research designates this activity for 22.75 contact hour(s).

Requirements for Receiving CE Credit

Physicians, pharmacists, nurses, pharmacist techs, and those claiming non-physician CME: participants must attest to their attendance and complete the final activity evaluation via the CE Portal (ceportal.fda.gov). For multi-day activities, participants must attest to their attendance and complete the faculty evaluation each day. Final activity evaluations must be completed within two weeks after the activity - no exceptions.

Attention Pharmacists and Pharmacy Techs: Failure to provide your correct NABP AND Date of Birth information, in the required format, may result in the loss of credit for this activity. NABP profile number should be the 6-7 digit profile number assigned by the CPE Monitor and your birth date should be in the MMDD format (e.g. 0721) Do not provide your pharmacy license number. Please click the "My Account" tab and then navigate to "Edit Contact Information" to verify that your information is correct.

Important Note regarding completion of evaluations and receiving credit

Attendees have 14 days from the last day of the activity to log in, complete the required evaluation(s) and attest to your attendance to claim credit. Physicians and nurses may then view/print statement of credit. Pharmacists should log into the CPE monitor 8 weeks after the last session of the activity to obtain their CE credit.
